    - **Personal protective measures**  
Use breathing protection in case of insufficient ventilation (EN 14387).  
Filter A/B/P2.  
In case of brief exposure or low pollution use breathing filter apparatus (EN 136). In case of intensive or longer exposure use breathing apparatus that is independent of circulating air (EN 137).  
Impervious gloves (EN 374).
  - **Measures for consumer protection** Ensure adequate labelling.
  - **Environmental protection measures**
    - **Air** No special measures required.
    - **Water**  
Do not allow to reach ground water, water bodies or sewage system, not even in small quantities.
    - **Soil** No special measures required.
