

TECHNICAL DATA SHEET: WAXILIT 22-71F

Range of application:

Lubricant

Properties:

Active ingredients in a mixture of solvents

Physical and chemical properties:

Form:	liquid	
Appearance:	light yellow	
Smell:	characteristic	
Density at 20° C:	0,8 g/ml	DIN 51757
Active substances:	20,00	
Flashpoint:	> 24 °C	EN ISO 13736
Viscosity at 20° C:	9 sec	Flow cup 4mm DIN EN ISO 2431

Stockage:

Storage temperature: between 10° C and 30° C

Maximum storage: approx. 18 months

Processing:

Stir up before use. Do not store outdoors. Protect from heat and cold. Allow products to reach room temperature before use.

Bremen, 19.03.2021
