

## TECHNICAL DATA SHEET: ACMOSITAL

---

### Range of application:

Resin dissolver

### Properties:

Solution of active ingredients in water

### Physical and chemical properties:

<b>Form:</b>	liquid	
<b>Appearance:</b>	blue	
<b>Smell:</b>	amine-like	
<b>Density at 20° C:</b>	1,1 g/ml	DIN 51757
<b>pH-value (0 g/l):</b>	13,50	
<b>Viscosity at 20° C:</b>	11 sec	Flow cup 4mm DIN EN ISO 2431

### Stockage:

Storage temperature: between 10° C and 30° C

Maximum storage: approx. 12 months

### Processing:

Do not store outdoors. Protect from heat and cold. Allow products to reach room temperature before use. Restricted to professional users.

Bremen, 19.03.2021
