

VOCMATIC AQUA

WITHOUT VOC

Uses

REDOCOL VOCmatic Aqua is an intense water-based surface cleaner for professional use. The cleaning system is a powerful alternative to conventional cleaners, which usually contain solvents. It cleans thoroughly and at the same time is free of VOC and not subject to labelling according to CLP regulations. The cleaner is safe to use and can be easily stored and transported.

Product Characteristics

- VOC-free / CO₂-reduced according to 2010/75/EU
- high dissolving power even with intensive soiling
- sustainable, plant-based raw materials
- based on a powerful, natural solvent

Processing Information

Surface Cleaner

- Spray the surface to be cleaned, allow to act briefly and wipe off with a clean cotton cloth.
- or
- Apply cleaner liberally to a soft cotton cloth without print and rub.

Note: do not use cloths made of synthetics fibres!
